# Currency & Connectivity

## The Bahrain Dinar

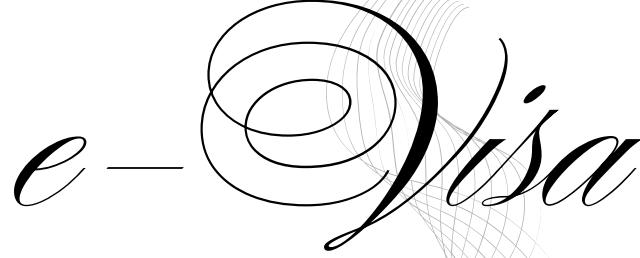

Bahrain uses the Dinar (BHD). ATMs are common for withdrawing cash with international cards (inform your bank!). Bargain in markets/unscheduled taxis, but not usually elsewhere. Tip 10-15% in restaurants; rounding up taxis is appreciated.

## Staying Connected

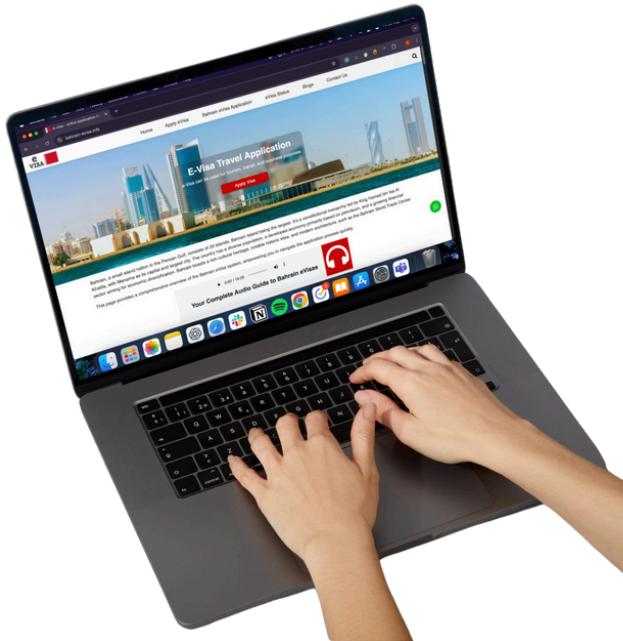

Prepaid SIMs (BHD 2-5) with data plans from BHD 3 are easily found in Bahrain. eSIM is available for compatible devices via local and international (Airalo, Holafly, Nomad) providers. While free Wi-Fi exists in public areas, a local SIM or eSIM ensures more dependable internet access everywhere.
